

Students Registering between Jan. 11 and Jan. 23

3 CONVENIENT WAYS TO PAY YOUR TUITION

Financial Aid

- If you received financial aid in Fall 11 and you are enrolled in the same number of credits in Spring 12, no further action is required. If your enrollment status has changed, stop by the Financial Aid Office (B212).
- Visit your student portal my.sussex.edu to view both your financial aid award (waiver) as well as documents necessary to complete your file. Your file must be complete or your aid will be at risk.
- Students must have financial aid in place before registering.
- If your tuition is not fully covered by aid, the balance is due **on the day you register**.

Payment Plan

- Enroll in our Payment Plan (\$35 fee) and spread your tuition payments over 3 months (first payment due at time of registration).
- Receive bills and statements electronically and pay online (or in person) using check, credit or debit card.
- Click the pay-online link from sussex.edu or my.sussex.edu to sign up.

Pay in Full

- Tuition is due **on the day you register**.
- Visit the Business Office (B203) to pay by cash, check or credit card. Go to the student portal my.sussex.edu to pay by check or credit card.

Need a reminder your payment is due? Sign up for text alerts under your payment account!

Tuition must be paid at the time of registration.

Many students will use a combination of the above methods to cover tuition. For example, you may receive some aid and choose to pay the balance in full or via the payment plan. Either way, make sure your plan is in place, financial aid secured or deposit paid on the day you register.
